

Children's Chewable Multiple Vitamin

With Acidophilus

DESCRIPTION

Children's Chewable Multivitamin with Acidophilus is a pleasant tasting, chewable multiple vitamin/mineral formulation of nutrients demonstrated to be essential for the development of children. Lactobacillus acidophilus is also included in the product to support GI and immune health.

FUNCTIONS

Numerous studies demonstrate that many American children do not meet the recommended intake for most vitamins and minerals. Children's Chewable Multiple Vitamin is designed to help children meet their requirements for essential nutrients such as vitamin A, vitamin C, zinc, D3, folate, and B-12. The minerals in Children's Chewable Multiple Vitamin are chelated for enhanced absorption. Lactobacillus acidophilus has been added to the product to support GI and immune health. The higher levels of vitamin C and zinc provides added support for the immune system, growth and development as well as antioxidant protection. The sugar alcohol xylitol does not promote tooth decay. In fact the presence of xylitol offers an additional benefit in that xylitol has been shown to support ear health in children. Children's Chewable Multiple Vitamin is a vegetarian product and appropriate for children utilizing a vegetarian diet.

INDICATIONS

Children's Chewable Multiple Vitamin may be a beneficial dietary supplement for those concerned with insuring the nutritional intake of children.

SUGGESTED USE

As a dietary supplement, children 2 years and older chew 1 or 2 tablets daily with meals or as directed by a healthcare professional.

SIDE EFFECTS

Warning: Accidental overdose of iron containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of the reach of children. In case of accidental overdose, call a doctor or poison control center immediately.
